INDEPENDENT AUDITORS' REPORT

To the Honorable Mayor and Members of the Town Council **Town of North Providence, Rhode Island**

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities, the business-type activity, each major fund, and the aggregate remaining fund information of the Town of North Providence, Rhode Island (Town) as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activity, each major fund, and the aggregate remaining fund information of the Town, as of June 30, 2023, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (*Government Auditing Standards*). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Town and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Town's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit
 procedures that are appropriate in the circumstances, but not for the purpose of expressing
 an opinion on the effectiveness of the Town's internal control. Accordingly, no such
 opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Town's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, presented on pages 5 through 13, and required supplementary information presented on pages 98 through 120, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary and Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town's basic financial statements. The supplementary information on pages 122 through 156, as listed in the table of contents, is presented for purposes of additional analysis and is not a required part of these basic financial statements.

The supplementary information presented on pages 121 through 159 is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information presented on pages 121 through 159 is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory section but does not include the basic financial statements and our auditors' report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated January 24, 2024, on our consideration of the Town of North Providence, Rhode Island's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Town of North Providence, Rhode Island's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Town of North Providence, Rhode Island's internal control over financial reporting and compliance.

Providence, RI

MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2023

As the Town of North Providence (the Town) management, we offer readers of the Town of North Providence's financial statements this narrative overview and analysis of the Town of the Town's economic activities for the fiscal year ended June 30, 2023.

Financial Highlights

- For the year ended June 30, 2023, the government-wide Statement of Activities reports an increase of \$10,468,508 in Net Position.
- As of year-end June 30, 2023, the Town's General Fund had a total fund balance of \$18,656,918 which is an increase of \$140,076 from the prior year ending fund balance.
- As of June 30, 2023, the School's Unrestricted Fund had a total fund balance of \$9,046,352. This is an increase of \$1,428,535 over last year's total fund balance.
- The Town has one Business-Type Fund, the School Cafeteria Fund. On June 30, 2023, this fund had an overall net position of \$1,447,638.
- On the budgetary basis of accounting, the Town's General Fund recognized an excess of revenues and other financing sources over expenditures and other financing uses of \$1,184,863. The School Unrestricted Fund reported an excess of revenues and other financing sources over expenditures and other financing uses of \$1,496,462.

Overview of the Financial Statements

This management discussion and analysis is intended to serve as an introduction to the basic financial statements of the Town. The Town's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to financial statements. This report also contains both required and other supplementary information in addition to the basic financial statements.

The Town's primary financial statements and other supplementary financial information provide information about all the Governments' activities. Such information offers both a short-term and a long-term view of the financial health of the Town as well as information about activities for which the Town acts solely as a trustee for the benefit of those outside of the Town's government.

Government-wide financial statements

Government-wide financial statements are designed to provide readers with a broad overview of the Town's finances in a manner similar to a private-sector business. Accordingly, they are presented on the accrual basis of accounting, where revenues and expenditures are recognized on the date they occurred rather than on the date they were collected or paid.

The *Statement of Net Position* presents information on all assets, deferred outflows of resources, liabilities, and deferred inflows with the difference reported as net position. Over time, increases or decreases in net position may serve as a valuable indicator of whether the Town's financial position is improving or deteriorating.

MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2023

The *Statement of Activities* presents information showing how the net position changed during the fiscal year. All changes in net position are reported when the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in the future fiscal periods (e.g., uncollected taxes and earned but unused compensated absences).

Both government-wide financial statements distinguish the Town's functions, which are supported by taxes and intergovernmental revenues (governmental activities), from other functions intended to recover all or a significant portion of their costs through user charges (business-type activities). The governmental activities of the Town include general government and administration, public safety, education, development services, cultural and recreational services.

The government-wide financial statements are reported on Pages 14 through 17.

Fund financial statements

A *fund* is a grouping of related accounts used to maintain control over resources that have been segregated for specific activities or objectives. Like other state and local governments, the Town uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All the funds of the Town can be divided into three categories: governmental funds, proprietary funds and fiduciary funds.

Governmental Funds

Governmental funds are used to account for the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on current sources and uses of spendable resources and balances of spendable resources available at the end of the fiscal year. Such information may help evaluate a government's near-term financing requirements.

The focus of governmental funds is narrower than that of the government-wide financial statements; accordingly, it is helpful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statements of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The Town maintains 86 governmental funds. Information is presented separately in the governmental fund balance sheet and the governmental funds' statement of revenues, expenditures, and changes in fund balances for the General Fund, School Unrestricted Fund, School Bond Fund, and Federal Forfeiture Fund, which are considered to be major funds. Data from the other funds are combined into a single, aggregated presentation. In addition, individual fund data for each of these non-major governmental funds is provided by combining statements elsewhere in this report.

The basic governmental funds' statements are presented on Pages 18 through 21.

MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2023

Proprietary Fund

The proprietary fund of the Town is used to report the same functions presented as business-type activities in the government-wide financial statements. The Town has only one proprietary fund, an enterprise fund, the North Providence School Cafeteria Fund. This fund operates as a federally mandated school food service system that services all students, including students who qualify for "free or reduced" meals on a for-profit basis. Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail.

The basic proprietary fund financial statements are presented on Pages 22 through 24.

Fiduciary Funds

Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are *not* reflected in the government-wide financial statements because resources of those funds are *not* available to support the Town programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

The basic fiduciary fund financial statements are presented on Pages 25 through 26.

Notes to Financial Statements

The notes provide additional information essential to a complete understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements are presented on Pages 27 through 97.

Other Information

In addition to the basic financial statements and accompanying notes, this report also presents certain supplementary information pertinent to the Town's operations. Required Supplementary information is presented on Pages 98 through 120.

The combining statements referred to earlier in connection with non-major governmental funds and fiduciary funds are presented on Pages 130 through 159.

MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2023

Government-wide Financial Analysis

As noted earlier, net position may serve as a valuable indicator of a government's financial position over time. In the Town's case, its net position increased for the year ended June 30, 2023, by \$10,468,508.

The most considerable portions of the net position of the Town consists of net investment in capital assets such as land, buildings and improvements, motor vehicles, furniture and equipment, and infrastructure, less any debt used to acquire these assets still outstanding and net position restricted for use. The Town uses capital assets to provide services to its citizens. Consequently, these assets are not available for future spending.

Although the Town's investment in capital assets is reported net of related debt, it should be noted that the resources needed to pay this debt must be provided from other sources.

TOWN OF NORTH PROVIDENCE, RHODE ISLAND SUMMARY OF NET POSITION

	June 30, 2023			June 30, 2022		
	Governmental Business-type					
	Activities	Activities	Total	Total	\$ Variance	% Variance
Current assets	\$ 54,183,047	\$ 1,507,125	\$ 55,690,172	\$ 52,665,977	\$ 3,024,195	5.74%

Total assets	221,932,735	1,583,219	223,515,954	222,874,082	641,872	0.29%
Deferred outflows of resources	45,807,108		45,807,108	45,170,353	636,755	1.41%
Current liabilities	19,285,062	135,581	19,420,643	15,311,224	4,109,419	26.84%
Long-term liabilities	201,742,985		201,742,985	207,430,807	(5,687,822)	-2.74%
Total liabilities	221,028,047	135,581	221,163,628	222,742,031	(1,578,403)	-0.71%
Deferred inflows of resources	65,259,547		65,259,547	72,871,025	(7,611,478)	-10.45%
Net Position:						
Net investment in capital assets	100,942,488	76,094	101,018,582	97,320,001	3,698,581	3.80%
Restricted	3,159,711		3,159,711	8,402,748	(5,243,037)	-62.40%
Unrestricted	(122,649,950)	1,371,544	(121,278,406)	(133,291,370)	12,012,964	-9.01%
Total net position	\$ (18,547,751)	\$ 1,447,638	\$ (17,100,113)	\$ (27,568,621)	\$ 10,468,508	-37.97%

As of June 30, 2023, the Town reports a surplus balance of \$1,447,638 in business-type activities, while the governmental activities have a total net deficit position of \$18,547,751. The deficit is mainly attributable to the pension and OPEB liabilities.

MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2023

Analysis of Town Operations

The following analysis summarizes the Town operations for the year ended June 30, 2023 and 2022.

TOWN OF NORTH PROVIDENCE, RHODE ISLAND SUMMARY OF CHANGES IN NET POSITION

	June 30, 2023		June 30, 2022

Total revenues	133,466,188	2,128,866	135,595,054	127,495,950	8,099,104	6.35%
Program expenses:						
General government	2,060,421		2,060,421	637,094	1,423,327	223.41%
Public safety	35,634,019		35,634,019	34,722,914	911,105	2.62%
Public works	7,099,950		7,099,950	7,746,616	(646,666)	-8.35%
Department of finance	1,946,372		1,946,372	1,365,809	580,563	42.51%
Education	73,668,318		73,668,318	62,309,782	11,358,536	18.23%
Interest on long-term debt	2,595,708		2,595,708	3,042,850	(447,142)	-14.69%
School cafeteria		2,121,758	2,121,758	1,795,526	326,232	18.17%
Total Expenses	123,004,788	2,121,758	125,126,546	111,620,591	13,505,955	12.10%
Change in net position	\$ 10,461,400	\$ 7,108	\$ 10,468,508	\$ 15,875,359	\$ (5,406,851)	-34.06%

Governmental activities increased the Town's net position by \$10,461,400. Business-type activities increased the Town's net position by \$7,108.

Total revenues generated by the Town increased by \$8,099,104 or 6.35% in comparison to revenues reported in the prior year. The increase in revenues was primarily related to increases grants and contributions offset by property taxes.

Expenses incurred by the Town increased \$13,505,955 or 12.10% in comparison to expenses reported the prior year. The increase was primarily driven by activity related to pension and OPEB liabilities as well as increase in education grant expenditures.

MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2023

Financial Analysis of Town Funds

As noted earlier, the Town of North Providence uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

<u>Governmental Funds</u> – The focus of the Town's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the financing requirements. In particular, the unassigned fund balance may serve as a useful measure of the net resources available for spending at the end of the fiscal year.

As of June 30, 2023, the governmental funds reported a combined ending fund balance of \$33,919,197. Unassigned fund balance amounted to \$13,993,669 with a non-spendable fund balance of \$470,711, committed fund balance of \$15,736,408, assigned fund balance of \$896,889, and restricted fund balance of \$2,821,520.

The General Fund is the operating fund of the Town. For the year ended June 30, 2023, the General Fund of the Town reported an increase in fund balance of \$140,076. As of June 30, 2023, the fund balance in the General Fund was \$18,656,918. The unassigned portion of the fund balance as of June 30, 2023, was \$14,293,830, representing approximately 12% of the fiscal 2023 budget.

Proprietary Funds

The proprietary fund statements provide the same information as presented in the government-wide financial statements but in more detail. The total net position of the proprietary fund was \$1,447,638 on June 30, 2023.

General Fund Budgetary Highlights

Total actual revenues in the Town's General Fund exceeded budgeted revenues by \$98,019 for the year ended June 30, 2023. The most significant favorable revenue variances were collecting property taxes, inspection fees, and investments, which were offset by unfavorable variances in budgeted American Rescue Plan. Budgeted expenditures in the Town's General Fund were higher than actual by \$363,533 for the year ended June 30, 2023. The most significant favorable expenditure variances were police department, collectors department, street lights and public works department. Revenue and other financing sources exceeded expenditures and other financing uses by \$1,184,863 on a budgetary basis of accounting in the Town's General Fund for the year ended June 30, 2023.

Total actual revenues in the School Unrestricted Fund exceeded budgeted revenue by \$1,157,596 for the year ended June 30, 2023 predominately relating to an increase in State aid. Total expenditures in the School Unrestricted Fund were less than budget by \$837,305. The most significant savings on expenditures were favorable variances in salaries as well as fringe benefits due to lower than anticipated health care claims. The excess of revenues and other financing sources over expenditures and additional financing uses in the School Unrestricted Fund was \$1,496,462 for the year ended June 30, 2023.

MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2023

Capital Assets and Debt and Administration

Capital Assets, Net of Accumulated Depreciation

The Town's investment in capital assets, net of accumulated depreciation for its governmental activities amounted to \$167,401,392 as of June 30, 2023. Land, land improvements, building and improvements, vehicles, equipment, furniture and fixtures, and infrastructure are included.

Town of North Providence's Net Capital Assets

MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2023

Long-Term Debt

As of June 30, 2023, the Town had total bonded debt of \$58,570,000. Of this amount, 100% comprises bonded debt backed by the government's full faith and credit. In addition to the bonded debt, the Town has lease purchase obligations outstanding for \$604,121 on June 30, 2023.

Town of North Providence, Rhode Island Outstanding Debt Obligations

Governmental							
	Acti	vities	\$ Variance	% Variance			
	2023	2022	_				
General obligation bonds	\$ 58,570,000	\$ 61,700,000	\$ (3,130,000)	-5.07%			
Lease purchase obligations	604,121	884,462	(280,341)	-31.70%			
Total	\$ 59,174,121	\$ 62,584,462	\$ (3,410,341)	-5.45%			

There were no outstanding short-term tax anticipation or bond anticipation note obligations on June 30, 2023.

State statutes limit the amount of general obligation debt a governmental entity may have outstanding to 3% of all taxable property's net assessed value within the Town. The Town of North Providence's limit is approximately \$99,144,117 at year-end based on the property's December 31, 2021, assessed value. Therefore, the Town's outstanding general obligation debt of \$58,570,000 as of June 30, 2023 is below the State imposed limitation. However, some of the Town's debt is exempt from the statutory limit since it was issued with statutory approval. Therefore, on June 30, 2023, the Town complied with the debt limit requirements.

As of June 30, 2023, the Town of North Providence's bonds are insured and hold an A1 credit rating from Moody's and an A.A. rating from Standard & Poor's.

Economic Factors and Next Year's Budgets and Tax Rates

- The Town of North Providence has budgeted \$117,312,403 for fiscal 2024, increasing \$521,208 over fiscal 2023. The net increase was principally from tax revenue due to a full revaluation completed in fiscal year 2023.
- The Budgeted educational expenses are \$62,028,398 or 52.87% of total appropriations, leaving \$55,284,005 or 47.13% budgeted for the remaining Town appropriations.
- State Aid to Education is budgeted at \$27,727,638, a decrease of (\$263,519) over fiscal 2023. State Aid to Education represents 44.70% of the education budget.
- The locally administered Police Pension Fund's funded ratio is approximately 83.6% on June 30, 2022, utilizing the pension assets' actuarial value. The most recent actuarial report has recommended an annual contribution of 51.4% or \$2,420,058.
- The Town of North Providence has a four-tier tax base. This base comprises the following for the fiscal year 2024: The tax rates were adjusted due to a full revaluation. Residential Real Estate \$16.61; Commercial Real Estate \$23.35 and Tangible Property \$58.58. The Motor Vehicle tax was phased out in fiscal year 2024.

MANAGEMENT'S DISCUSSION AND ANALYSIS

RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET TO THE GOVERNMENT-WIDE STATEMENT OF NET POSITION

JUNE 30, 2023

Amounts reported for governmental activities in the Statement of Net Position are different because of the following:	
Total Fund Balance reported in Governmental Funds	\$ 33,919,197
Capital assets, net of accumulated depreciation, used in governmental activities are not financial resources and, therefore are not reported in the Governmental Funds Balance Sheet	167,401,392
Deferred outflows related to pension plan and OPEB plan are not current measurable and available resources and therefore not reported in the Fund Statements but are reported in the Statement of Net Position	45,807,108
Deferred inflows related to pension plan and OPEB plan are not current measurable and available resources and therefore not reported in the Fund Statements but are reported in the Statement of Net Position	(60,902,770)
Long-term liabilities and related items are not due and payable in the current period and therefore are not reported in the funds. These liabilities are reported in the Statement of Net Position:	
Accrual for net pension and OPEB liabilities	(130,563,686)
Accrual for compensated absences	(8,747,129)
Accrual for claims incurred but not reported	(808,285)
Capital lease obligations	(604,121)
General obligation bonds	(58,570,000)
Bond premium, net of amortization	(7,294,888)
Unavailable tax and EMS revenues (net of an allowance for uncollectibles) are recorded in the funds, but are not recorded under the measurement focus employed in the Statement of Net Position	2,181,094
Interest accrued on long-term debt obligations is reported as a liability in the Statement of Net Position but does not get reported in the Fund Statements	 (365,663)
Total Net Position reported in Statement of Net Position	\$ (18,547,751)

RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES TO THE GOVERNMENT-WIDE STATEMENT OF ACTIVITIES

Net Change in Fund Balances - Total Governmental Funds	\$ (1,318,289)
Governmental funds report capital outlays as expenditures. However, in the Statement of Activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. Capital outlay	5,188,685
Depreciation expense	(4,007,926)
Governmental funds report principal repayments on debt obligations as an expenditure. However, the repayment of principal has no effect on the net position.	3,410,341
Changes to the following accounts related to the Town's pension and OPEB plans are reported as an expense for governmental activities but are not reported as an expenditure in the fund financial statements until they are paid with measurable and available resources:	
Change in net pension liability	(10,108,781)
Change in net OPEB liability	8,295,400
Change in deferred outflows of resources	636,755
Change in deferred inflows of resources	7,423,766
Governmental funds report premiums received on debt financing as other financing sources when received. However, the Statement of Activities amortizes these premiums over the life of the obligations and records the amortization as a credit to expenses. This is the amortization amount for fiscal 2023.	437,589
Revenues in the Statement of Activities that do not provide current financial resources are not reported as revenues in governmental funds. Net unavailable tax and EMS revenue increased from fiscal 2022.	579,888
Accrued interest on long-term debt obligations is reported in the governmental activities but is not reported in the governmental fund statements. This is the change in accrued interest expense from fiscal 2022.	22,785
The governmental funds reflect compensated absences when they will be paid with measurable and available resources. The change from prior year balances is reflected in the Statement of Activities. Compensated absences increased from fiscal 2022.	(8,890)
The activity for the current year change in incurred but not reported claims liability	 (89,923)
Change in Net Position of Governmental Activities in the Statement of Activities	\$ 10,461,400

NOTES TO BASIC FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2023

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Town of North Providence, Rhode Island (Town) have been prepared in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) as applicable to governmental entities. In certain instances, summaries of the Town's significant accounting policies have been presented throughout the notes to the basic financial statements in conjunction with other disclosures to which they relate.

REPORTING ENTITY

The Town was incorporated in 1765. The Town operates under a Town Council / Mayor form of government with a seven member Town Council headed by a Council President.

In evaluating the inclusion of other separate and distinct legal entities as component units within its financial reporting structure, the Town applied the criteria prescribed by Governmental Accounting Standards Board (GASB) Statement No. 61, *The Financial Reporting entity: Omnibus an amendment of GASB Statements No. 14 and No. 34.* Under GASB Statement No. 61, a legally separate entity is required to be included as a component unit if it is fiscally dependent upon the primary government and there is a financial benefit or burden relationship present. The primary government is financially accountable if it appoints the voting majority of the organization's governing board and (1) it is able to impose its will on that organization or (2) there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the primary government. A potential component unit has a financial benefit or burden relationship with the primary government if, for example, any one of the following conditions exists:

- a) The primary government is legally entitled to or can otherwise access the organization's resources.
- b) The primary government is legally obligated or has otherwise assumed the obligation to finance the deficits of, or provide financial support to, the organization.
- c) The primary government is obligated in some manner for the debt of the organization.

Through the application of GASB Statement No. 61 criteria, the North Providence Education Foundation and the North Providence Senior Center Association (501c3 entities) are presented as blended component units which are reported as non-major special revenue funds.

NOTES TO BASIC FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2023

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

BASIC OF PRESENTATION

Government-wide Financial Statements

The Statement of Net Position and Statement of Activities display information about the Town as a whole. They include all funds of the Town except for fiduciary funds and distinguish between governmental and business-type activities. Governmental activities generally are financed through taxes, intergovernmental revenues and other non-exchange revenues. Business-type activities are financed in whole or in part by fees charged to external parties for goods and services.

The Statement of Activities presents a comparison between expenses and program revenues for each function of the Town's governmental activities. Program revenues include a) fees, fines and charges paid by the recipients of goods or services offered by the programs and b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

Fund Financial Statements

Fund financial statements of the Town are organized into funds, each of which is considered to be a separate accounting entity. Each fund is accounted for by providing a separate set of self-balancing accounts which constitute its assets, deferred outflows of resources, liabilities, deferred inflows of resources, fund balance, revenues, and expenditures/expenses. Funds are organized into three major categories: governmental, proprietary and fiduciary. An emphasis is placed on major funds, each displayed in a separate column. A fund is considered major if it is the primary operating fund of the Town or meets the following criteria:

- a) Total assets, deferred outflows of resources, liabilities, deferred inflows of resources, revenues, or expenditures/expenses of that individual governmental or enterprise fund are at least 10 percent of the corresponding total for all funds of that category or type, and
- b) Total assets, deferred outflows of resources, liabilities, deferred inflows of resources, revenues, or expenditures/expense of that individual governmental fund or enterprise fund are at least 5 percent of the corresponding total for all governmental and enterprise funds combined.

Management may also designate a fund as major which does not meet the above parameters. The funds of the Town are described below:

NOTES TO BASIC FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2023

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

GOVERNMENTAL FUNDS

Governmental funds are used to account for operations that supply basic governmental services. The Town uses the following types of governmental funds:

General Fund is the primary operating fund of the Town and is always classified as a major fund. It is used to account for and report all financial resources not accounted for and reported in other funds.

Special Revenue Funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditures for specified purposes other than debt service or capital projects. The Town's major special revenue funds are the School Unrestricted Fund, which provides primary education to the Town's children, Federal Emergency Fund which accounts for the Town's American Rescue Plan Act funding and the Federal Forfeiture fund, which are funds received from the Department of Justice from federal seizures restricted for police department operations.

Capital Project Funds are used to account for and report resources that are restricted, committed, or assigned to expenditures for capital outlays, including the acquisition or construction of capital facilities and other capital assets. The Town's major capital project fund is the School Bond Fund.

Proprietary Funds

Proprietary Funds are used to account for business-like activities provided to the general public (enterprise funds) or within the government (internal service funds). These activities are financed primarily by user charges and the measurement of financial activity focuses on net income measurement similar to the private sector. Operating revenues of the Proprietary Funds consist of customer charges for uses and services and certain other miscellaneous revenues. All other revenues of the Proprietary Funds are considered non-operating sources of revenue. During the year ended June 30, 2023 the Town maintained one Enterprise Fund.

Fiduciary Funds (Not Included in Government-wide Statements)

Fiduciary Funds are used to report assets held by the Town in a trustee or custodial capacity and, therefore, cannot be used to support the Town's own programs. The following fiduciary funds are used by the Town:

Pension Trust Fund is used to account for resources held for payment of pension benefits, and cannot be used at the Town's discretion or to support the Town's general operations.

OPEB (Other Post-Employment Benefits) Trust Fund is used to account for payment of post-employment benefits that the Town provides to qualified retirees in accordance with union contract provisions.

Custodial Funds account for assets held by the Town in a purely custodial capacity. The Town has eight custodial funds.

NOTES TO BASIC FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2023

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

MAJOR AND NON-MAJOR FUNDS

The funds are further classified as major or non-major as follows:

Fund Brief Description

Major:

General Fund: See above for description

Capital Project Fund:

School Bond Fund: Account for the activities of the School bond

Special Revenue Funds:

School Unrestricted: Account for and report all financial transactions of the North Providence

School Department, excluding grant funds.

Federal Emergency Fund: Account for and report all financial transactions of the Town's American

Rescue Plan Act funding.

Federal Forfeiture Fund: This fund is used to report all the financial transactions of the Town of North

Providence relative to funding received from the Department of Justice from federal seizures. The funding is restricted for expenditures relative to

the Police Department operations.

Proprietary Funds:

School Cafeteria Accounts for the operations of the school breakfast and lunch programs of

the North Providence School Department.

Non Major:

Special Revenue Funds: Grant programs including federal grants, state grants, and private grants.

The Town currently maintains seventy-seven (77) special revenue funds which have been classified as non-major Governmental Funds. The details of these funds may be found in the combining fund statements in the other

supplementary information section of these financial statements.

NOTES TO BASIC FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2023

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

MAJOR AND NON-MAJOR FUNDS (CONTINUED)

Non Major (Continued):

Capital Project Funds: The Town currently maintains four (4) Capital Project Funds. The details of

these funds may be found in the combining fund statements in the other

supplementary information section of these financial statements.

MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

On the Government-wide Statement of Net Position and the Statement of Activities both governmental and business-type activities (proprietary funds) are presented using the economic resources measurement focus as defined in item (b) below and the accrual basis of accounting. In the fund financial statements, the current financial resources measurement focus (modified accrual) or the economic resources measurement focus (full accrual) is used as appropriate:

- (a) All governmental funds utilize a current financial resources measurement focus and a modified accrual basis of accounting. Only current financial assets, deferred outflows of resources, liabilities, and deferred inflows of resources are generally included on their balance sheets. Operating statements present sources and uses of available spendable financial resources during a given period. These funds use fund balance as their measure of available spendable financial resources at the end of the period.
- (b) The proprietary fund utilizes an economic resources measurement focus and accrual basis of accounting. The accounting objectives of this measurement focus are the determination of net income, financial position and cash flows. All assets and deferred outflows of resources, and liabilities and deferred inflows of resources (whether current or noncurrent) associated with their activities are reported. Proprietary fund equity is classified as net position.
- (c) Custodial funds are reported in the statement of fiduciary net position, requiring the same elements as other fiduciary funds, including net position. In addition, the statement of changes in fiduciary net position includes custodial fund activity.

NOTES TO BASIC FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2023

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

MEASUREMENT FOCUS AND BASIS OF ACCOUNTING (CONTINUED)

The Government-wide financial statements are reported using the economic resources measurement focus and the full accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used, regardless of the timing of related cash flows. Property taxes are recognized as revenue in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized when they are both measureable and available for liquidating liabilities of the current period. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period (usually 60 days). Revenues not considered to be available are recorded as deferred inflows. Expenditures, including capital outlays, are recognized when a related fund liability has been incurred, except for those involving debt service and other long-term obligations that are recognized when due.

Those revenues susceptible to accrual are property taxes, special assessments, federal impact aid, state aid, meals and hotel taxes collected by the State on behalf of the Town, interest and charges for services. Fines, licenses and permit revenues are not susceptible to accrual because generally they are not measurable until received in cash; therefore, they are recognized when received.

Recognition of grant revenues is based on the susceptibility of accrual as determined by the legal and contractual requirements established by each grantor. For grants not restrictive as to specific purposes and revocable only for failure to comply with general prescribed requirements, revenues are recognized when actually received. Where expenditure is the prime factor in determining eligibility, grant revenue is recognized as allowable expenditures are made provided they are collected during the year or within 60 days subsequent to year-end. Prior to expenditure, proceeds are recorded as unearned revenues.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions. Internally dedicated resources are reported as general revenues rather than program revenues. Likewise, general revenues include all taxes.

NOTES TO BASIC FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2023

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

MEASUREMENT FOCUS AND BASIS OF ACCOUNTING (CONTINUED)

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations.

ASSETS, LIABILITIES, DEFERRED OUTFLOWS/INFLOWS OF RESOURCES, AND NET POSITION/FUND BALANCE

Cash and Cash Equivalents

For purposes of the cash flow statement, all investments with original maturities of three months or less when purchased are considered to be cash equivalents. Cash and cash equivalents consist of cash on hand, time and demand deposits and short-term investments maturing within three months from the date of acquisition. The Town maintains deposits in various financial institutions, which are separately displayed in the financial statements as "cash and cash equivalents."

Under Rhode Island General Law, as of October 1, 1991, public deposit institutions are required to insure accounts that hold public funds in excess of the \$250,000 that is guaranteed by Federal Deposit Insurance Corporation (FDIC).

Investments

The pension and OPEB plans invest in various types of investments, which are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Realized and unrealized gains and losses are reported as investment income. The plans investments are held in the Fiduciary Funds.

Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risks associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statements of net position and activities.

NOTES TO BASIC FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2023

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

ASSETS, LIABILITIES, DEFERRED OUTFLOWS/INFLOWS OF RESOURCES, AND NET POSITION/FUND BALANCE (CONTINUED)

Accounts Receivable

In the Government-wide statements, receivables consist of all revenues earned at year-end and not yet received. Major receivable balances for the governmental activities include property taxes and intergovernmental receivables. Business-type activities report service fees as its major receivables.

In the fund financial statements, material receivables in governmental funds include revenue accruals such as property taxes collected within 60 days of year-end and grants and other similar intergovernmental revenues since they are usually both measurable and available. Non-exchange transactions earned/measurable but not available are deferred in the fund financial statements in accordance with modified accrual, but not deferred in the Government-wide financial statements in accordance with the accrual basis. Proprietary fund receivables consist of all revenues earned at year-end and not yet received. Allowances for uncollectible accounts receivable are based upon historical trends and the periodic aging of accounts receivable. At June 30, 2023 the Town has estimated the allowance for doubtful accounts for delinquent taxes of \$4,875,000.

Property Taxes

Real and personal property taxes are based on values assessed as of each December 31 (lien date), and attach as an enforceable lien on property as of July 1 (levy date). Taxes are due in equal quarterly installments on August 1, November 1, February 1, and May 1, following the levy date or taxes may be payable by a 10 month payment plan starting in September and lasting through June. Taxes due and unpaid after the respective due dates are subject to interest at the rate of 12% per annum calculated on the unpaid portion of the total tax. An automatic lien is placed on the taxpayer's property if payment has not been received by the tax due date. Property taxes are recognized as revenue in the year they are levied. Property tax revenues are recorded in accordance with the modified accrual basis of accounting in the fund financial statements.

For 2023, Rhode Island General Law restricts the Town's ability to increase its total tax levy by more than 4.00% over that of the preceding fiscal year.

NOTES TO BASIC FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2023

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

ASSETS, LIABILITIES, DEFERRED OUTFLOWS/INFLOWS OF RESOURCES, AND NET POSITION/FUND BALANCE (CONTINUED)

Prepaids

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid assets. Prepaids recorded in governmental-type funds do not reflect current appropriated resources and, as such are reported as non-spendable fund balance. The costs are recorded as expenditures when consumed rather than purchased.

Encumbrances

Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of funds are recorded in order to reserve that portion of the applicable appropriation, is employed in governmental funds.

Certain unexpended and unencumbered appropriations for incomplete projects are carried over to succeeding years. Such continuing appropriations are accounted for similar to encumbrances. Other unencumbered appropriations lapse at year-end.

Capital Assets

The accounting treatment over capital assets depends on whether the assets are used in governmental fund operations or proprietary fund operations and whether they are reported in the Government-wide or fund financial statements.

In the Government-wide financial statements, long-lived assets are accounted for as capital assets. All capital assets are valued at historical cost, or estimated historical cost if actual is unavailable, except for donated capital assets or donated works of art and similar items, which are recorded at fair value. Also, capital assets received in a service concession arrangement should be reported at acquisition value rather than fair value.

NOTES TO BASIC FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2023

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

ASSETS, LIABILITIES, DEFERRED OUTFLOWS/INFLOWS OF RESOURCES, AND NET POSITION/FUND BALANCE (CONTINUED)

Capital Assets (Continued)

Capital assets are defined by the Town as assets with an initial, individual cost of \$5,000 or more and an estimated useful life in excess of one year. Major outlays for capital assets and improvements are capitalized as projects are constructed. The costs of normal maintenance and repairs that do not add to value of the asset or materially extend asset lives are not capitalized.

Depreciation of all exhaustible capital assets is recorded as an allocated expense in the Statement of Activities, with accumulated depreciation reflected in the Statement of Net Position. Depreciation is provided over the assets' estimated useful lives using the straight-line method. The ranges of estimated useful lives by type of asset are as follows:

Land improvements	20 years
Buildings and improvements	20 - 100 years
Equipment, furniture and fixtures	3 - 20 years
Vehicles	3 - 20 years
Infrastructure	20 - 50 years

In the fund financial statements, capital assets in governmental fund operations are accounted for as capital outlay expenditures of the governmental fund upon acquisition. Capital assets in proprietary fund operations are accounted for in the same manner as in the Government-wide statements.

The Town reviews the carrying value of its long-lived assets to ensure that any impairment issues are identified and appropriately reflected in the financial statements. Should the expected cash flows be less than the carrying value, an impairment loss would be recognized to reduce the carrying value. There was no impairment loss recorded during fiscal year 2023.

NOTES TO BASIC FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2023

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

ASSETS, LIABILITIES, DEFERRED OUTFLOWS/INFLOWS OF RESOURCES, AND NET POSITION/FUND BALANCE (CONTINUED)

Bond Premiums and Issuance Costs

In the Government-wide statement of net position, bond premiums and discounts are deferred and amortized over the term of the related bonds using the straight-line method. Bond premiums are presented as an addition to the face amount of the bonds payable. Bond issuance costs are expensed in the year incurred.

In the governmental funds, bond premiums and issuance costs are treated as period costs in the year the bonds are issued. Bond issuance costs are included in debt service expenditures and bond premiums are reflected as other financing sources in the governmental funds financial statements, while discounts are reported as other financing uses.

Long-term Obligations

In the Government-wide and proprietary fund financial statements, long-term debt and other long-term obligations (including compensated absences, and accrued claims and judgements) are reported as liabilities in the statement of net position.

In the governmental fund financial statements, long-term debt is recognized as a liability of a governmental fund when due. For other long-term obligations, only that portion expected to be financed from expendable available financial resources is reported as a fund liability of a governmental fund. The face amount of debt issued is reported as other financing sources in the governmental funds financial statements.

Compensated Absences

Under the terms of various contracts and policies, Town employees are granted vacation and sick leave based on length of service. The Town's policy is to recognize the cost of vacation and sick leave in governmental funds when paid and on the accrual basis in proprietary funds. The amount of earned but unpaid vacation and sick leave is recorded as a long-term obligation in the government-wide financial statements.

Judgments and Claims

Liabilities for legal cases and other claims against Governmental funds are recorded when the ultimate liability can be estimated. Proprietary fund types record these liabilities using the accrual basis of accounting.

NOTES TO BASIC FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2023

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

ASSETS, LIABILITIES, DEFERRED OUTFLOWS/INFLOWS OF RESOURCES, AND NET POSITION/FUND BALANCE (CONTINUED)

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position and/or balance sheet will sometimes report a separate section for deferred outflows of resources. This separate section represents a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources (expense/expenditure) until that later date. At June 30, 2023 the Town reported \$45,807,108 of deferred outflows of resources related to pension and OPEB in the Government-wide statement of net position. A deferred outflow of resources related to pension and OPEB results from differences between expected and actual experience, changes in assumptions or other inputs. These amounts are deferred and included in pension expense in a systematic and rational manner over a period equal to the average of the expected remaining service lives of all employees that are provided with benefits through the pension and OPEB plan (active employees and inactive employees).

In addition to liabilities, the statement of net position and/or balance sheet will sometimes report a separate section for deferred inflows of resources. This separate section represents the acquisition of net position that applies to a future period and therefore will not be recognized as an inflow of resources (revenue) until a later date. At June 30, 2023 the Town reported \$60,902,770 of deferred inflows of resources related to pension and OPEB in the Government-wide statement of net position. A deferred inflow of resources related to pension and OPEB results from differences between expected and actual experience, changes in assumptions or other inputs. These amounts are deferred and included in pension/OPEB expense in a systematic and rational manner over a period equal to the average of the expected remaining service lives of all employees that are provided with benefits through the pension and OPEB plans (active employees and inactive employees).

At June 30, 2023 the Town also had three items that qualified as a deferred inflow of resources in the governmental funds balance sheet. The unavailable tax and EMS revenue of \$2,181,094 at June 30, 2023 represents property taxes receivables which are assessed on December 31, 2021 and prior and are not collected within 60 days of June 30, 2023. The unearned EMS revenue represents rescue fees for services provided prior to June 30, 2023 but not recognized as revenue since they are considered unavailable as of June 30, 2023. The net unavailable tax and EMS revenue are considered unavailable and will be recognized as an inflow of resources in the year(s) in which the amounts become available. The deferred lease receivable of \$4,356,777 represents an offset of lease receivables held as assets which will be earned over time for the Town acting as the lessor for certain Town owned properties.

NOTES TO BASIC FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2023

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

ASSETS, LIABILITIES, DEFERRED OUTFLOWS/INFLOWS OF RESOURCES, AND NET POSITION/FUND BALANCE (CONTINUED)

Interfund Transactions

Interfund activity within and among the funds of the Town have been classified and reported as follows:

Reciprocal interfund activities:

- Interfund loans are reported as interfund receivables in the lending fund and interfund payables in borrower funds.
- Interfund services are reported as revenues in the seller fund and as expenditures or expenses in the purchasing fund.

Non-reciprocal interfund activities:

- Interfund transfers are reported in governmental funds as other financing uses in the funds making transfers and as other financing sources in the funds receiving transfers. In proprietary funds transfers are reported after nonoperating revenues and expenses.
- Interfund reimbursements are repayments from the fund responsible for particular expenditures or expenses to other funds that initially paid for them. Reimbursements are not displayed separately within the financial statements.

Transactions between funds have been eliminated in the Government-wide financial statements but fully presented within the governmental fund financial statements with no elimination made between or within funds.

Activity between funds that is representative of lending/borrowing arrangements outstanding at the end of the fiscal year is referred to as either "due from/to other funds" (current portion) or "advances from/to other funds" (noncurrent portion). All other outstanding balances between funds are reported as "due from/to other funds." Any residual balances outstanding between the governmental activities and business-type activities are reported in the Government-wide financial statements as "internal balances."

NOTES TO BASIC FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2023

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

ASSETS, LIABILITIES, DEFERRED OUTFLOWS/INFLOWS OF RESOURCES, AND NET POSITION/FUND BALANCE (CONTINUED)

Net Position/Fund Balance

Government-wide Financial Statements

Net position is classified and displayed in the following three components:

- (a) Net investment in capital assets Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, notes, or other borrowings, and deferred inflows of resources, if any, that are attributable to the acquisition, construction, or improvement of those assets, increased by deferred outflows of resources related to those assets, if any.
- (b) Restricted net position Consists of net position with constraints placed on the use either by 1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments, or 2) law through constitutional provisions or enabling legislation.
- (c) Unrestricted net position The remaining net position that does not meet the definition of "restricted" or "net investment in capital assets.

Proprietary fund net position is classified the same as in the Government-wide statements.

Governmental Fund Financial Statements

In accordance with GASB Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions, fund balance is classified as non-spendable, restricted, committed, assigned, or unassigned. These categories are defined below:

- Non-spendable amounts that cannot be spent because they are either a) not in spendable form or b) legally or contractually required to be maintained intact. "Not in spendable form" includes items such as prepaid expenses that are not expected to be converted to cash within one year.
- Restricted includes amounts that are restricted for specific purposes. Fund balance is reported as restricted when constraints placed on the use of resources are either externally imposed by creditors, grantors, contributors, or laws or regulations of other governments, or imposed by law through constitutional provisions or enabling legislation.

NOTES TO BASIC FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2023

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

ASSETS, LIABILITIES, DEFERRED OUTFLOWS/INFLOWS OF RESOURCES, AND NET POSITION/FUND BALANCE (CONTINUED)

Net Position/Fund Balance (Continued)

Governmental Fund Financial Statements (Continued)

- Committed the Town Council, as the Town's highest level of decision-making authority, may commit fund balance for specific purposes pursuant to constraints imposed by formal actions taken, either by ordinance or resolution. These committed amounts cannot be used for any other purpose unless the Town Council removes or changes the specific use through the same type of formal action taken, an ordinance or resolution to establish the commitment. This constraint must be imposed prior to the fiscal year-end, but the specific amount may be determined at a later date.
- <u>Assigned</u> amounts that are intended by the Town to be used for specific purposes, but are neither restricted nor committed. The authority to assign fund balance is designated to the Mayor.
- <u>Unassigned</u> the residual amount in the General Fund available for any purpose. This classification represents fund balance that has not been assigned to other funds. The General Fund is the only fund that should report a positive unassigned fund balance amount. Funds ending the year with a deficit fund balance also report negative unassigned fund balance.

PENSIONS

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Town's pension plans and the additions to/deductions from Town's fiduciary net position have been determined on the same basis as they are reported. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB)

For purposes of measuring the OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the Town's Post Employment Health Insurance Plan (the "Plan") and additions to/deductions from the Plan's fiduciary net position have been determined on the same basis as they are reported by the Plan. For this purpose, the Plan recognizes benefit payments when due and payable in accordance with the benefit terms. Investments are reported at fair value.

NOTES TO BASIC FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2023

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

RECENTLY ISSUED ACCOUNTING STANDARDS

During the year ended June 30, 2023, the Town adopted GASB Statement No. 96, Subscription Based Information Technology Agreement which did not have an impact on the Town's financial reporting. There was no significant impact on these financial statements from the implementation of additional accounting standards.

USE OF ESTIMATES

The preparation of basic financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, deferred outflows of resources, and liabilities and deferred inflows of resources, and disclosure of contingent assets and liabilities at the date of the basic financial statements. Estimates also affect the reported amounts of revenues, expenditures and expenses during the reporting period. Significant items subject to such estimates include the pollution remediation obligation and the other postemployment benefit liability. Actual results could differ from those estimates.

NOTE 2 - CASH DEPOSITS AND INVESTMENTS

CASH AND CASH EQUIVALENTS

At June 30, 2023, the carrying amount of the Town and fiduciary fund's cash and cash equivalents was \$47,397,568 (including \$266,998 of restricted cash and \$2,011,404 of cash held in fiduciary funds). The Town's entire balance was covered by either FDIC insurance or collateral held in the Town or fiduciary fund's name.

NOTES TO BASIC FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2023

NOTE 2 - CASH DEPOSITS AND INVESTMENTS (CONTINUED)

INVESTMENTS

Investments are stated at fair value which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plans follow the guidance for fair value measurements and disclosures in accordance with GASB Statement No. 72, *Fair Value Measurement and Application*.

In determining fair value, the Plan uses various valuation approaches, as appropriate in the circumstances. GASB Statement No. 72 establishes a fair value hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available. The fair value hierarchy is categorized into three levels based on the inputs as follows:

- Level 1 Unadjusted quoted priced in active markets that are accessible at the measurement date for identical assets or liabilities.
- Level 2 Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability.
- Level 3 Unobservable inputs for the asset or liability (supported by little or no market activity). Level 3 inputs include management's own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The following is a description of the valuation methodologies used for assets and liabilities measured at fair value:

Equity securities, equity mutual funds, and equity investment funds and international equity investment funds: Valued at the closing price or net asset value reported on the active exchange on which the individual securities and mutual funds are actively traded.

U.S. Government and Agency obligations, corporate obligations, and fixed income investment funds: Valued at the closing price or net asset value reported on the active exchange on which the individual securities or funds are actively traded. Securities that are not actively traded are valued by the investment manager using a matrix pricing technique based on the securities' relationship to quoted benchmark prices. Certain fixed income investment funds include private corporate obligations that are not traded and are valued by the investment manager using proprietary models.

NOTES TO BASIC FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2023

NOTE 2 - CASH DEPOSITS AND INVESTMENTS (CONTINUED)

INVESTMENTS (CONTINUED)

The following table summarizes the investments of the Plan, at fair value, as of June 30, 2023:

			Average	Percent
	Fair Value	Rating	Maturity	Distribution
Mutual Funds and ETFs	\$ 3,212,869	N/A	.80 years	5.7%
Equities/Common Stock	32,710,286	N/A	1.40 years	58.4%

Totals	\$	56,049,913	\$	35,929,414	\$	20,120,499	\$

Custodial Credit Risk

Custodial credit risk is the risk that, in the event of a bank failure, the Plan's deposits may not be returned to it. It is the Plan policy to follow the requirements contained in Section 35-10.1-7 of the General Laws of the State, dealing with the collateralization of public deposits, which requires that all time deposits with maturities of greater than 60 days and all deposits in institutions that do not meet the minimum capital requirements of its federal regulator must be collateralized. Custodial credit risk for investments is the risk that, in the event of a failure of the counterparty or agent of the counterparty, the Plan will not be able to recover the value of its investments or collateral securities that are in the possession of the outside party.

NOTES TO BASIC FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2023

NOTE 2 - CASH DEPOSITS AND INVESTMENTS (CONTINUED)

INVESTMENTS (CONTINUED)

Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in interest rates.

Credit Risk

Credit risk, the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment, is measured by the assignment of a rating to debt securities by a nationally recognized statistical rating organization.

Concentration of Credit Risk

Concentration of credit risk is the risk of loss attributed to the magnitude of the investment in a single issuer. The Town manages its risk by participating in a certificate of deposit pool, maximizing the Federal Deposit Insurance Corporation ("FDIC") coverage over deposits by limiting the amount on deposit in any one financial institution, and also by securing full collateralization of any remaining uninsured deposits.

NOTE 3 - PROPERTY TAXES

The Town is responsible for assessing, collecting and distributing property taxes in accordance with enabling state legislation.

Net property taxes levied for fiscal year 2023 were based on a net asset value of \$2,760,576,927 at December 31, 2021, and amounted to \$67,215,462. Collections through June 30, 2023, amounted to \$65,742,158, which represents approximately 98% of the net tax levy.

Unpaid property taxes as of June 30, 2023 of \$6,841,122, are recorded as a receivable, net of an allowance for uncollectible property taxes of \$4,875,000. Those net property taxes receivable which were not collected within 60 days immediately following June 30, 2023, are recorded as a deferred inflow in fiscal 2023. Property taxes collected within 60 days following June 30, 2023, are recognized as revenue in the governmental fund financial statements and amounted to \$740,715. As of June 30, 2023, the Town levied property taxes for its fiscal year based on the December 31, 2021, assessment as follows:

ABATEMENTS – TAX TREATY AGREEMENTS

The Town of North Providence may, from time to time, enter into tax abatement agreements (tax treaty agreements) with local businesses in accordance with provisions of the General Laws of the State of Rhode Island. In accordance with the applicable Public Law and General Laws of the State of Rhode Island, the Town may enter into tax treaty agreements which provide exemption or stabilization of taxes as a means to induce businesses to locate to the Town. These agreements are considered to be in the best public interest of the Town as they provide incentives for businesses to locate, maintain, or expand business in the Town which will result in an increase in the tax base of the Town, provide increased tax revenue, enhance property value in the Town, help the overall economic climate of the Town, and in some instances, create employment opportunity for the residents of the Town. As of June 30, 2023, the Town of North Providence maintained two tax treaty / tax abatement agreements in accordance with Town Ordinances establishing Article V of Chapter 32 of the Code of Ordinances of the Town of North Providence. These agreements provided tax relief to businesses in the form of tax exemption and tax stabilization agreements for real and tangible property taxes. Listed below is a summary of information pertaining to these agreements as of June 30, 2023:

• Tax exemption and stabilization agreement with a hospital dated May 5, 2015 in accordance with RI General Laws section 44-3-9. The tax stabilization amount paid by the hospital for real property was \$729,000 for the year ended June 30, 2023. The tax abatement received for real property totaled approximately \$1,372,486 for the year ended June 30, 2023. In addition to the stabilization of taxes for real property, the agreement also provides a schedule for stabilization of tangible property. The tax stabilization amount paid by the hospital for tangible property was \$328,741 for the year ended June 30, 2023. This agreement is for a ten year period and is currently scheduled to terminate on June 30, 2025.

NOTES TO BASIC FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2023

NOTE 3 - PROPERTY TAXES (CONTINUED)

ABATEMENTS – TAX TREATY AGREEMENTS (CONTINUED)

• Tax exemption and stabilization agreement with a developer of residential apartments dated September 1, 2015 in accordance with the RI General Laws section 44-3-9. The tax stabilization amount paid was \$193,222 for the year ended June 30, 2023. The tax abatement received for real property totaled approximately \$99,609 for the year ended June 30, 2023. In addition to the stabilization of taxes for real property, the agreement also provides a schedule for stabilization of tangible property. No payments were received on the tangible property for the year ended June 30, 2023, and the amount of savings is unavailable due to the unknown value of the tangible property for fiscal 2032.

NOTE 4 - INTERFUND BALANCES AND TRANSFERS

Due to/from balances represent short-term advances from one fund (primarily the General Fund) to another fund. The advances may represent balances resulting from operating advances or reimbursements for expenditures paid by one fund on behalf of another fund. The composition of interfund balances at June 30, 2023, was as follows:

Governmental Funds:

	Due From Other Funds	Due to Other Funds
Major Governmental Funds:	other runus	other runus
General Fund	\$	\$ 16,364,226

NOTE 6 - LONG-TERM OBLIGATIONS

GENERAL OBLIGATION BONDS PAYABLE

The Town issues general obligation bonds to provide funds for the acquisition and construction of major capital facilities. General obligation bonds have been issued for both general government, as well as to refund previously outstanding general obligation bonds. General obligation bonds pledge the full faith and credit of the Town.

State statutes limit the amount of general obligation debt a governmental entity may have outstanding to 3% of all taxable property's net assessed value within the Town. The Town of North Providence's limit is approximately \$99,144,117 at year-end based on the property's December 31, 2021, assessed value. Therefore, the Town's outstanding general obligation debt is approximately \$58,570,000 as of June 30, 2023, below the State imposed limitation. However, some of the Town's debt is exempt from the statutory limit since it was issued with statutory approval. Therefore, on June 30, 2023, the Town complied with the debt limit requirements.

NOTE 8 - PENSION PLANS

MUNICIPAL PLAN

Plan Description

The Municipal Employees' Retirement System ("MERS") – an agent multiple-employer defined benefit pension plan – provides certain retirement, disability and death benefits to plan members and beneficiaries. MERS was established under Rhode Island General Laws and placed under the management of the Employees' Retirement System of Rhode Island ("ERSRI") Board to provide retirement allowances to employees of municipalities, housing authorities, water and sewer districts, and municipal police and fire personnel that have elected to participate. Benefit provisions are subject to amendment by the General Assembly.

MERS issues a publicly available financial report that includes financial statements and required supplementary information. This report may be obtained by accessing the ERSRI website at www.ersri.org.

Benefits Provided

General employees, police officers and firefighters employed by electing municipalities participate in MERS. Eligible employees become members at their date of employment. Anyone employed by a municipality at the time the municipality joins MERS may elect not to be covered. Elected officials may opt to be covered by MERS. Employees covered under another plan maintained by the municipality may not become members of MERS. Police officers and/or firefighters may be designated as such by the municipality, in which case the special contribution and benefit provisions described below will apply to them, or they may be designated as general employees with no special benefits. Members designated as police officers and/or firefighters are treated as belonging to a unit separate from the general employees, with separate contribution rates applicable.

Salary: Salary includes the member's base earnings plus any payments under a regular longevity or incentive plan. Salary excludes overtime, unused sick and vacation leave, severance pay, and other extraordinary compensation. Certain amounts that are excluded from taxable wages, such as amounts sheltered under a Section 125 plan or amounts picked up by the employer under IRC Section 414(h), are not excluded from salary.

NOTES TO BASIC FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2023

NOTE 8 - PENSION PLANS (CONTINUED)

MUNICIPAL PLAN (CONTINUED)

Benefits Provided (Continued)

Service: Employees receive credit for service while a member. In addition, a member may purchase credit for certain periods by making an additional contribution to purchase the additional service. Special rules and limits govern the purchase of additional service and the contribution required.

Final Compensation: Prior to July 1, 2012 and for general employee members eligible to retire as of June 30, 2012, the average was based on the member's highest three consecutive annual salaries. Effective July 1, 2012, the average was based on the member's highest five consecutive annual salaries. Once a member retires or is terminated, the applicable FAC will be the greater of the member's highest three year FAC as of July 1, 2012 or the five year FAC as of the retirement/termination date. Monthly benefits are based on one-twelfth of this amount.

General Employees

Members with less than five years of contributory service as of June 30, 2012 and members hired on or after that date are eligible for retirement on or after their Social Security normal retirement age (SSNRA).

Members who had at least five years of contributory service as of June 30, 2012 will be eligible for retirement at an individually determined age. This age is the result of interpolating between the member's prior Retirement Date, described below, and the retirement age applicable to members hired after June 30, 2012 as described above. The interpolation is based on service as of June 30, 2012 divided by projected service at the member's prior Retirement Date. The minimum retirement age is 59.

Members with 10 or more years of contributory service on June 30, 2012 may choose to retire at their prior Retirement Date if they continue to work and contribute until that date. If this option is elected, the retirement benefit will be calculated using the benefits accrued as of June 30, 2012, i.e., the member will accumulate no additional defined benefits after this date, but the benefit will be paid without any actuarial reduction.

Effective July 1, 2015, members will be eligible to retire with full benefits at the earlier of their current Rhode Island Retirement Security Act (RIRSA) date described above or upon the attainment of age 65 with 30 years of service, age 64 with 31 years of service, age 63 with 32 years of service, or age 62 with 33 years of service.

NOTES TO BASIC FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2023

NOTE 8 - PENSION PLANS (CONTINUED)

MUNICIPAL PLAN (CONTINUED)

Benefits Provided (Continued)

General Employees (Continued)

A member who is within five years of reaching their retirement eligibility date and has 20 or more years of service, may elect to retire at any time with an actuarially reduced benefit.

Prior to July 1, 2012, members were eligible for retirement on or after age 58 if they had credit for 10 or more years of service, or at any age if they had credit for at least 30 years of service. Members eligible to retire before July 1, 2012 were not impacted by the changes to retirement eligibility above.

The annual benefit is equal to 2.00% of the member's monthly FAC for each year of service prior to July 1, 2012 and 1.00% of the member's monthly FAC for each year of service from July 1, 2012 through June 30, 2015. For all service after June 30, 2015, the annual benefit is equal to 1.0% per year unless the member had 20 or more years of service as of June 30, 2012 in which case the benefit accrual is 2.0% per year for service after June 30, 2015. The benefit cannot exceed 75% of the member's FAC. Benefits are paid monthly.

Fire Employees

Members are eligible to retire when they are at least 50 years old and have a minimum of 25 years of contributing service or if they have 27 years of contributing service at any age. Members with less than 25 years of contributing service are eligible for retirement on or after their Social Security normal retirement age.

Members who, as of June 30, 2012, had at least 10 years of contributing service, had attained age 45, and had a prior Retirement Date before age 52 may retire at age 52.

Active members on June 30, 2012 may choose to retire at their prior Retirement Date if they continue to work and contribute until that date. If option is elected, the retirement benefit will be calculated using the benefits accrued as of June 30, 2012, i.e., the member will accumulate no additional defined benefits after this date, but the benefit will be paid without any actuarial reduction.

A member who is within five years of reaching their retirement eligibility date, as described in this section, and has 20 or more years of service, may elect to retire at any time with an actuarially reduced benefit.

NOTES TO BASIC FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2023

NOTE 8 - PENSION PLANS (CONTINUED)

MUNICIPAL PLAN (CONTINUED)

Benefits Provided (Continued)

Fire Employees (Continued)

Prior to July 1, 2012, members designated as firefighters were eligible for retirement at or after age 55 with credit for at least 10 years of service or at any age with credit for 25 or more years of service. Members were also eligible to retire and receive a reduced benefit if they are at least age 50 and have at least 20 years of service. If the municipality elected to adopt the 20-year retirement provisions for police officers and/or firefighters, then such a member was eligible to retire at any age with 20 or more years of service. Members eligible to retire before July 1, 2012 were not impacted by the changes to retirement eligibility above.

A monthly benefit is paid equal to 2.00% of the member's monthly FAC for each year of service, up to 37.5 years (75% of FAC maximum). If the optional 20-year retirement provisions were adopted by the municipality prior to July 1, 2012: benefits are based on 2.50% of the member's FAC for each year of service prior to July 1, 2012 and 2.00% of the member's FAC for each year of service after July 1, 2012. The benefit cannot exceed 75% of the member's FAC.

Active members (including future hires), members who retire after July 1, 2015 and after attaining age 57 with 30 years of service will have a benefit equal to the greater of their current benefit described above and one calculated based on a 2.25% multiplier for all years of service.

Other Benefit Provisions

Death and disability benefits are also provided to members. A member is eligible for a disability retirement provided he/she has credit for at least five years of service or if the disability is work-related. Members are not eligible for an ordinary disability benefit if they are eligible for unreduced retirement.

Joint and survivor benefit options are available to retirees. For some employees, a Social Security Option is also available where an annuity is paid at one amount prior to age 62, and at a reduced amount after age 62, designed to provide a level total income when combined with the member's age 62 Social Security benefit. Benefits cease upon the member's death.

Post-retirement benefit increases are paid to members who retire after June 30, 2012. Members will be eligible to receive cost of living increases at the later of the member's third anniversary of retirement and the month following their SSNRA (age 55 for members designated as police officers and/or firefighters). When a municipality elects coverage, it may elect either COLA C (covering only current and future active members and excluding members already retired) or COLA B (covering current retired members as well as current and future active members).

NOTES TO BASIC FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2023

NOTE 8 - PENSION PLANS (CONTINUED)

MUNICIPAL PLAN (CONTINUED)

Benefits Provided (Continued)

Other Benefit Provisions (Continued)

- a. The COLA will be suspended for any unit whose funding level is less than 80%; however, an interim COLA may be granted in four-year intervals while the COLA is suspended. The first interim COLA may begin January 1, 2018.
- b. Effective July 1, 2015, the COLA is determined based on 50% of the plan's five-year average investment rate of return less 5.5% limited to a range of 0.0% to 4.0%, plus 50% of the lesser of 3.0% or last year's CPI-U increase for a total maximum increase of 3.50%. Previously, it was the plan's five-year average investment rate of return less 5.5% limited to a range of 0.0% to 4.0%.
- c. The COLA will be limited to the first \$25,000 of the member's annual pension benefit. For retirees and beneficiaries who retired on or before July 1, 2015, years in which a COLA is payable based on the every fourth year provision described in (a) above will be limited to the first \$30,000. These limits will be indexed annually to increase in the same manner as COLAs, with the known values of \$27,184 for 2020, \$27,608 for 2021, and \$27,901 for 2022.

Employees Covered by Benefit Terms

At the June 30, 2022 valuation date, the following employees were covered by the benefit terms:

General	Fire
192	92
129	11
219	97
540	200
	192 129 219

Contributions

The amounts of employee and employer contributions have been established under Rhode Island General Laws Chapter 45-21. General employees with less than 20 years of service as of June 30, 2012, are required to contribute 2% of their salaries. General employees with more than 20 years of service as of June 30, 2012, are required to contribute 8.25%. Public safety employees are required to contribute 10% of their salaries.

NOTES TO BASIC FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2023

NOTE 8 - PENSION PLANS (CONTINUED)

MUNICIPAL PLAN (CONTINUED)

Contributions (Continued)

The Town contributes at a rate of covered payroll as determined by an independent actuary on an annual basis. The General Assembly can amend the amount of these contribution requirements. The Town contributed \$731,050 and \$1,897,634 for general and fire, respectively, in the year ended June 30, 2023, which was 7.84% and 26.83% of covered payroll, respectively.

Net Pension Liability

The total pension liability was determined by actuarial valuations performed as of June 30, 2021, and rolled forward to June 30, 2022, using the following actuarial assumptions applied to all periods included in the measurement:

Summary of Actuarial Assumptions Used in the Valuations to determine the Net Pension Liability at the June 30, 2022 measurement date (June 30, 2021 valuation rolled forward to June 30, 2022)						
Actuarial Cost Method Entry Age Normal - the Individual Entry Age Actuarial Cost Methodology is used.						
Amortization Method	rtization Method Level Percent of Payroll – Closed					
Actuarial Assumptions						
Investment Rate of Return	7.00%					
Projected Salary Increases	General Employees - 3.50% to 7.25%; Fire Employees - 4.00% to 14.00%					
Inflation	2.5%					
Mortality	Mortality – variants of the PUB (10) Tables for Healthy and Disabled Retirees, projected with Scale Ultimate MP16					
Cost of Living Adjustments	All future COLAs were assumed to be 2.1% per annum for all MERS units with the COLA provision.					

NOTES TO BASIC FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2023

NOTE 8 - PENSION PLANS (CONTINUED)

MUNICIPAL PLAN (CONTINUED)

Net Pension Liability (Continued)

The actuarial assumptions used in the June 30, 2021, valuation rolled forward to June 30, 2022, and the calculation of the total pension liability at June 30, 2021, were consistent with the results of an actuarial experience study performed as of June 30, 2019 as approved by the System's Board on May 22, 2020.

The long-term expected rate of return best-estimate on pension plan investments were determined by the actuary using a building-block method. The actuary started by calculating best-estimate future expected real rates of return (expected returns net of pension plan investment expense and inflation) for each major asset class, based on a collective summary of capital market expectations from 40 sources. The June 30, 2022, expected arithmetic returns over the long term (20 years) by asset class are summarized in the following table:

These return assumptions are then weighted by the target asset allocation percentage, factoring in correlation effects, to develop the overall long-term expected rate of return best-estimate on the arithmetic basis.

Discount Rate

The discount rate used to measure the total pension liability of the plan was 7.0 percent. The projection of cash flows used to determine the discount rate assumed that contributions from the plan members will be made at the current contribution rate and that contributions from the employers will be made at statutorily required rates, actuarially determined. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

TEACHERS' PLAN

Plan Description

Certain employees of the Town participate in a cost-sharing multiple-employer defined benefit pension plan – the Employees' Retirement System plan ("ERS") – administered by the Employees' Retirement System of the State of Rhode Island ("System"). Under a cost-sharing plan, pension obligations for employees of any participating employer providing pension benefits through the plan, regardless of the status of the employers' payment of its pension obligation to the plan. The plan provides retirement, disability and death benefits to plan members and beneficiaries.

The System issues a publicly available financial report that includes financial statements and required supplementary information for the plans. The report may be obtained at http://www.ersi.org

NOTES TO BASIC FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2023

NOTE 8 - PENSION PLANS (CONTINUED)

TEACHERS' PLAN (CONTINUED)

Benefit Provisions

The level of benefits provided to participants is established by Chapter 36-10 of the General Laws, which is subject to amendment by the General Assembly. Member benefit provisions vary based on service credits accumulated at dates specified in various amendments to the General Laws outlining minimum retirement age, benefit accrual rates and maximum benefit provisions. In general, members accumulate service credits for each year of service subject to maximum benefit accruals of 80% or 75%. For those hired after June 30, 2012, the benefit accrual rate is 1% per year with a maximum benefit accrual of 40%. Members eligible to retire at September 30, 2009, may retire with 10 years of service at age 60 or after 28 years of service at any age. The retirement eligibility age increases proportionately for other members reflecting years of services and other factors until it aligns with the Social Security Normal Retirement Age, which applies to any member with less than five years of service as of July 1, 2012. Members are vested after five years of service. The plan provides for survivor's benefits for service connected death and certain lump sum death benefits. Joint and survivor benefit provision options are available to members. Cost of living adjustments are provided but are currently suspended until the collective plans administered by ERSRI reach a funded status of 80%. Until the plans reach an 80% funded status, interim cost of living adjustments are provided at fouryear intervals commencing with the plan year ended June 30, 2016. The plan also provides nonserviceconnected disability benefits after five years of service and service-connected disability benefits with no minimum service requirement.

Contributions

The funding policy, as set forth in the General Laws, Section 16-16-22, provides for actuarially determined periodic contributions to the plan. For fiscal 2019, the Town's teachers were required to contribute 3.75% of their annual covered salary, except that teachers with twenty or more years of service as of June 30, 2012, must contribute 11% of their annual covered salary. The State of Rhode Island ("State") and the Town are required to contribute at an actuarially determined rate, 40% of which is to be paid by the State and the remaining 60% is to be paid by the Town; the rates were 10.94% and 14.78% of annual covered payroll for the fiscal year ended June 30, 2021, for the State and the Town, respectively. The Town contributed \$4,029,233, \$3,858,067, and \$3,871,068 for the fiscal years ended June 30, 2023, 2022, and 2021, respectively, equal to 100% of the required contributions for each year. The State's share of contribution for fiscal 2023 was \$2,934,067 and is reported as on-behalf payments and included in both revenue and expenditures on the financial statements.

NOTES TO BASIC FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2023

NOTE 8 - PENSION PLANS (CONTINUED)

TEACHERS' PLAN (CONTINUED)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources

At June 30, 2023, the Town reported a liability of \$38,277,510 for its proportionate share of the net pension liability that reflected a reduction for contributions made by the State. The amount recognized by the Town as its proportionate share of the net pension liability, the related State support and the total portion of the net pension liability that was associated with the Town were as follows:

Town's proportionate share of the net pension liability State's proportionate share of the net pension liability	\$ 38,277,510 28,308,907
	\$ 66,586,417

The net pension liability was measured as of June 30, 2022, the measurement date, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2021, rolled forward to June 30, 2022. The Town's proportion of the net pension liability was based on a projection of the Town's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers and the State, actuarially determined. At June 30, 2021, the Town's proportion was 1.42%.

For the year ended June 30, 2023, the Town recognized gross pension expense of \$5,050,512 and revenue of \$2,337,687 for support provided by the State.

TEACHERS' PLAN (CONTINUED)

Actuarial Assumptions (Continued)

The long-term expected rate of return best-estimate on pension plan investments was determined by the actuary using a building-block method. The actuary started by calculating best-estimate future expected real rates of return (expected returns net of pension plan investment expense and inflation) for each major asset class, based on a collective summary of capital market expectations from 40 sources. The June 30, 2022, expected arithmetic returns over the long term (20 years) by asset class are summarized in the following the total pension liability was determined using:

TEACHERS' PLAN (CONTINUED)

Actuarial Assumptions (Continued)

These return assumptions are then weighted by the target asset allocation percentage, factoring in correlation effects, to develop the overall long-term expected rate of return best-estimate on an arithmetic basis.

Discount Rate

The discount rate used to measure the total pension liability was 7.0 percent. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from the employers will be made at statutorily required rates, actuarially determined. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following presents the net pension liability calculated using the discount rate of 7.0 percent as well as what the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate.

		Current	
1% Decrease	D	iscount Rate	1% Increase
(6.0%)		(7.0%)	(8.0%)

DEFINED CONTRIBUTION PLAN

Plan Description

Certain employees participating in the Municipal Plan or Teachers' Plan with less than 20 years of service as of June 30, 2012, as described above, also participate in a defined contribution plan authorized by General Law Chapter 36-10.3. The defined contribution plan is established under IRS section 401(a) and is administered by TIAA-CREF. Employees may choose among various investment options available to plan participants. Employees contribute 5% of their annual covered salary and employers contribute between 1% and 1.5% of annual covered salary depending on the employee's total years of service as of June 30, 2012. Employee contributions are immediately vested while employer contributions and any investment earnings thereon are vested after three years of contributory service. Benefit terms and contributions required under the plan by both the employee and employer are established by the General Laws, which are subject to amendment by the General Assembly. Amounts in the defined contribution plan are available to participants in accordance with IRS guidelines for such plans.

The Town recognized pension expense of \$205,062 for the fiscal year ended June 30, 2023. The System issues a publicly available financial report that includes financial statements and required supplementary information for plans administered by the System. The report may be obtained at https://www.ersi.org.

POLICE PENSION PLAN

All North Providence Police Officers participate in a single-employer retirement plan which was established in accordance with the North Providence Town Charter. The plan is considered part of the Town's financial reporting entity and is included as a pension trust fund (Fiduciary Fund) in the annual financial report for the fiscal year ended June 30, 2023.

Plan Description – The plan became effective July 1, 1978. All police officers working 1,000 hours or more in a plan year and contributing to the plan are eligible for retirement benefits. Participants are eligible for vested benefits after 10 years of service. The plan provides retirement benefits as well as death and disability benefits. Participants in the plan are eligible to retire at the completion of 20 years of service.

Plan Membership – The Plan consisted of the following as of the date of the latest actuarial valuation of July 1, 2022:

	Police Pension Trust		
	Fund		
Retirees and Beneficiaries	100		
Inactive, not receiving benefits	9		
Active Members	60		
Total	169		

NOTES TO BASIC FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2023

NOTE 8 - PENSION PLANS (CONTINUED)

POLICE PENSION PLAN (CONTINUED)

Benefits Provided – Normal retirement benefit is 2.5% of average compensation for each year of credited service, up to 20 years, plus 2% of average compensation for each year of credited service in excess of 20 years with a maximum of 75% of average compensation. Benefit is payable as an unreduced 67.5% Joint and Survivor Annuity. Average compensation is defined as the average of the 3 highest non-consecutive years during the last 10 years of base annual pay including longevity pay and excluding overtime.

Participants are eligible for non-occupational disability benefits after 7 years of service. Occupational disability benefits are provided to all employees immediately. Non-occupational disability benefits are 50% of average compensation as of the disability date. Pre-Retirement Spouse's Death Benefit is immediate. The spouse is entitled to 40% of final average salary plus 10% for dependent children, subject to a maximum of 50%. If no surviving spouse, 15% of final average salary for each dependent subject to maximum of 45%, and ceasing when the last dependent has attained their 18th birthday. The benefit is payable immediately following the death of the participant. The plan provides benefits prior and subsequent to retirement. The death benefit prior to retirement is \$400 times the number of years of service, subject to a minimum of \$2,000 and a maximum of \$800, but no less than the employee accumulation is payable. The death benefit subsequent to retirement is determined as above reduced by ¼ for each year subsequent to retirement, subject to a minimum of \$2,000 or the employee accumulation less annuity payments received. If employment is terminated prior to his / her retirement date, only the employee accumulation less payments received is payable.

Cost of Living Increases – Participants retiring between July 1, 1986 and prior to July 1, 2004 with 20 years of service, a lump sum payment will be made on each January 1st. The payment is initially 3% of the annual retirement allowance, increasing each year by 1% to a maximum of 12%. For participants retiring after July 1, 2004 and prior to July 1, 2007, with 20 years of service, a lump sum payment will be made on each January 1st beginning January 1, 2008. The payment is 3% of the initial annual retirement allowance, not compounded, for a period of 15. Those retiring after July 1, 20014, but prior to January 1, 20017 shall receive the COLA set forth above until January 1, 2008 at which time the 3% COLA will commence. Those participants retiring after July 1, 2007, with 20 years of service will receive a lump sum payment on each January 1st following the date of retirement and each January 1st thereafter for 25 years. The payment is 3% per year of the original benefit, not compounded. At the end of 25 years, the COLA will not increase, but the final benefit will continue to be paid thereafter.

Contributions – Under the provisions of the plan, employees are required to contribute 9% of their compensation. The plan actuarial valuation dated July 1, 2022, was used to determine the Town's annual required contribution for the fiscal year ended June 30, 2023. For the year ended June 30, 2023, the Town contributed \$2,394,312 or 52.37% of covered annual payroll.

NOTE 8 - PENSION PLANS (CONTINUED)

POLICE PENSION PLAN (CONTINUED)

Summary of Significant Accounting Policies

Basis of Accounting – The Plan is accounted for using the accrual basis of accounting. Revenues (contributions and investment income) are recognized when they are earned and expenses (benefits, administration and refunds) are recognized when due and payable in accordance with the terms of the Plan. Liabilities are recorded when due and payable in accordance with the terms of the Plan. Administrative costs of the Plan are funded by the Plan.

Investments – Investments are reported at fair value, except for investments in participating interest earning investment contracts, recorded at amortized cost, and certain external investment pools, recorded at net asset value.

Investment Policy – The Town's investment policy provides guidance over the types of investments which are allowed to be held in the plan and stipulates to ensure marketability and liquidity all equity transactions will be made through the New York Stock Exchange; American Stock Exchange; and/or the NASDAQ over the counter market. The long-term expected rate of return on pension plan investments was determined using a building-block method in which expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These expected future real rates of return are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of June 30, 2023 are summarized in the following table:

	Long-Term
	Expected Rate of
Allocation	Return
1.5%	0.00%
59%	5.43%
28.5%	1.89%
8.5%	5.59%
2.5%	1.08%
	59% 28.5% 8.5%

Employer contributions				2,394,312		(2,394,312)	
Employee contributions				462,495		(462,495)	
Net investment income				5,564,992		(5,564,992)	
Benefit payments, including employee refunds		(3,125,735)		(3,125,735)		<u></u>	
Net Changes		2,093,692		5,296,064		(3,202,372)	
Balances as of June 30, 2023	\$	62,104,138	\$	50,639,132	\$	11,465,006	

Actuarial assumptions – The total pension liability was determined by an actuarial valuation as of July 1, 2022, using the following actuarial assumptions, applied to all periods included in the measurement:

Valuation Date – July 1, 2022

Funding Method - Entry Age Normal Cost Method

Investment Return – 7.0%

Asset Valuation Method – Market Value with 5 year smoothing of gains and losses.

Amortization Period - Closed 10 year level percent or pay amortization of Unfunded Actuarial Accrued

Liability. For this purpose pay is assumed to grow at 3% annually.

Payroll Growth Rate - 3.0%

Inflation rate - 2.0%

Healthy Mortality - PubS-2010 Public Safety Mortality with generational improvements projected beginning in 2010 based on SOA improvement scale MP-21

Disabled Mortality - PubS-2010 Disabled Mortality with generational improvements projected beginning in 2010 based on SOA improvement scale MP-21

NOTES TO BASIC FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2023

NOTE 8 - PENSION PLANS (CONTINUED)

POLICE PENSION PLAN (CONTINUED)

Discount rate – The discount rate used to measure the total pension liability was 7.0%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that the Town's contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. For this purpose, only employer contributions that are intended to fund benefits of current plan members and their beneficiaries are included. Projected employer contributions that are intended to fund the service costs of future plan members and their beneficiaries, as well as projected contributions from future plan members, are not included. Based on those assumptions, the Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the net pension liability to changes in the discount rate – The following presents the net pension liability of the Town, calculated using the discount rate of 7.0%, as well as what the Town's net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.0%) or 1-percentage-point higher (8.0%).

	1	1% Decrease		Current Discount		% Increase
		(6.0%)	R	ate (7.0%)		(8.0%)

Payable to the Plan

The Town does not have a reported payable liability to the Plan as of June 30, 2023.

FIRE COLA PLAN

Plan Description – As noted in previous sections of this disclosure, firefighters (fire department personnel) participate in the MERS pension plan administered by the Employees' Retirement System of Rhode Island. The Town did not opt the COLA provisions of the MERS plan. However, in accordance with the terms of the collective bargaining agreement the Town provides an annual COLA to any retiree that retired with 20 or more years of service and their surviving spouses. The COLA is also provided to any disabled retiree that is receiving an occupational disability benefit.

Plan Membership – The Plan consisted of the following as of the date of the latest actuarial valuation of July 1, 2022:

	Fire Employees
	COLA Plan
Retirees and Beneficiaries	88
Inactive, Nonretired Members	1
Active Members	94
Total	183

NOTES TO BASIC FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2023

NOTE 8 - PENSION PLANS (CONTINUED)

FIRE COLA PLAN (CONTINUED)

Benefits Provided – The annual benefit is a 3% simple COLA paid annually on January 1 for all retirees with 20 or more years of service and for all occupational disabled retirees. If a member became occupationally disabled after July 1, 2015 and before attaining 20 years of service, COLA payments will begin on January 1 following their 20th employment anniversary.

Contributions – The plan actuarial valuation dated July 1, 2022, was used to determine the Town's annual required contribution for the fiscal year ended June 30, 2023. For the year ended June 30, 2023, the Town contributed \$2,132,542 or 32.60% of covered annual payroll.

Basis of Accounting – The Plan is accounted for using the accrual basis of accounting. Revenues (contributions and investment income) are recognized when they are earned and expenses (benefits, administration and refunds) are recognized when due and payable in accordance with the terms of the Plan. Liabilities are recorded when due and payable in accordance with the terms of the Plan. Administrative costs of the Plan are funded by the Plan.

Investments – Investments are reported at fair value, except for investments in participating interest earning investment contracts, recorded at amortized cost, and certain external investment pools, recorded at net asset value.

Investment Policy – The Town's investment policy provides guidance over the types of investments which are allowed to be held in the plan and stipulates to ensure marketability and liquidity all equity transactions will be made through the New York Stock Exchange; American Stock Exchange; and/or the NASDAQ over the counter market. The long-term expected rate of return on pension plan investments was determined using a building-block method in which expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These expected future real rates of return are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of June 30, 2023 are summarized in the following table:

		Long-Term
		Expected Rate of
Asset Class:	Target Allocation	Return
Domestic Equities	40.5%	4.64%

NOTE 9 - OTHER POSTEMPLOYMENT BENEFITS (OPEB)

Plan Description

Through its single-employer defined benefit plan ("OPEB Plan"), the Town provides postretirement health care benefits to all Town employees who meet years of service and age requirements, and in some cases to their surviving spouses, who are eligible under the terms of collective bargaining agreements or personnel contracts. The Plan does not issue a stand-alone financial report.

NOTES TO BASIC FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2023

NOTE 9 - OTHER POSTEMPLOYMENT BENEFITS (OPEB) (CONTINUED)

Eligibility

Police: Police officers are eligible for retiree health benefits (medical and dental) until Medicare eligibility once they attain 20 years of service. Spouse also receives coverage until retiree turns age 65, at which time the spouse is eligible for Cobra coverage for 36 months.

Fire: Firefighters are eligible for retiree health benefits (medical and dental) until Medicare eligibility once they attain 20 years of service if they are eligible to retire under Rhode Island Municipal Employees' Retirement System (RI MERS). Spouse also receives coverage until retiree turns age 65, at which time the spouse is eligible for Cobra coverage for 36 months.

Town General Employees: Town general employees are eligible for retiree health benefits (medical and dental) for up to 36 months if they are eligible to retire under RI MERS and have the following years of service with the Town of North Providence:

- 1. Council 94 20 years of service
- 2. Local 1033 and non-union personnel 20 years of service

School Teachers and Administrators: Members who have retired under the Employees' Retirement System of Rhode Island (ERSRI), with a minimum of 15 years of service (20 years of service for Schedule B members) with the North Providence School System, shall be eligible to received medical and dental benefits for self and spouse. Eligibility for retirement is as follows: If vested by 7/1/2005 (Schedule A): The earlier of 28 years of service, or age 60 with 10 years of service. If vested after 7/1/2005 (Schedule B): Normal retirement is the earlier of age 65 with 10 years of service, or age 59 with 29 years of service. Early retirement is age 55 with 20 years of service. Cost Sharing – 50% retiree paid coverage is pre-65 only. Members eligible for retirement after July 1, 2012, with at least five years of service as of June 30, 2012 are eligible for Normal Retirement at an individually determined age. This age is based on the members' social security retirement age with a proportional downward adjustment based on years of service prior to July 1, 2012. The minimum retirement age is 59 with 5 years of service. Spouse coverage is terminated at the earlier of the spouse turning 65 or the retiree turning 65.

School General Employees: except Custodians are eligible for retiree health benefits (medical and dental) for up to 36 months if they are eligible to retire under RI MERS and have 20 years of service with the North Providence School System.

Custodians hired prior to July 1, 1989, are eligible for retiree health benefits (medical and dental) for up to 36 months if they are eligible to retire under RI MERS and have 10 years of service with the North Providence School System. For those hired on or after July 1, 1989, the duration of retiree health benefits is under Medicare eligibility and they must have 20 years of service with the North Providence School System.

NOTES TO BASIC FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2023

NOTE 9 - OTHER POSTEMPLOYMENT BENEFITS (OPEB) (CONTINUED)

Benefits

Retirees are response for the portion of premium rates not covered by the Town or School Department. The Town and School Department pay the cost of medical and dental as follows:

- 100% for retired firefighters and for police officers who were hired prior to January 1, 2015
- 95% for police officers hired on or after January 1, 2015
- 85% for Town Local 1033 retiring after January 1, 2019, and DPW Council 94 retiring after July 1, 2016
- 50% for teachers and administrators
- 80% for School Local 1033 employees and school custodians

Covered Participants

As of July 1, 2022, the date of the latest available actuarial valuation, membership census is as follows:

TOWN EMPLOYEES

Inactive employees or beneficiaries currently receiving benefit payments	98
Active employees	267
Total	365
SCHOOL EMPLOYEES	
Inactive employees or beneficiaries currently receiving benefit payments	41
Active employees	508
Total	549

Actuarial Assumptions

The total OPEB liability was determined by an actuarial valuation as of July 1, 2022, rolled forward to June 30, 2023, the measurement date. The following actuarial assumptions applied to all periods in the measurements:

- Actuarial cost method Entry Age Normal
- Participation 100% of eligible school retirees and eligible Town employees are assumed to elect medical and dental coverage.

NOTES TO BASIC FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2023

NOTE 9 - OTHER POSTEMPLOYMENT BENEFITS (OPEB) (CONTINUED)

Actuarial Assumptions (Continued)

- Health Care Cost Trend Rates Medical 7.5% per year in 2023, decreasing to an ultimate rate of 4.5% for Town, Medical 7.5% per year in 2023, decreasing to an ultimate rate of 4.5% for School.
- Discount rate The discount rate used to measure the OPEB liability 4.53% for Town, 4.13% for School. The projection of cash flows used to determine the discount rate assumed that contributions will be made at rates equal to and above the expected benefit payments. Based on those assumptions, the OPEB plan's net fiduciary position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all periods of projected payments to determine the total OPEB liability.

The long-term expected rate of return on OPEB plan investments is based on the real rates of returns, the asset allocation percentages. The June 30, 2023, real returns and target asset allocation by major asset class are as follows:

		Long-Term
		Expected Real
Asset Class	Target Allocation	Rate of Return
Mid Cap Stock	8.50%	7.84%
Large Cap Stock	24.00%	7.27%
Small Cap Equity	7.50%	8.60%
Developed Market Stock	15.00%	8.38%
Emerging Market Stock	10.00%	10.66%
Investment Grade Bond	26.00%	4.12%
High Yield Bond	4.00%	6.32%
Cash	0.00%	2.97%
Real Estate	5.00%	7.63%

NOTE 10 - DEFERRED COMPENSATION PLAN

The Town offers its municipal employees a deferred compensation plan established in accordance with the provisions of Internal Revenue Code Section 457 (g). The Town has not reported these plans on its financial statements in accordance with GASB 97, "Certain Component Unit Criteria and Accounting for Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans", since the Town does not have fiduciary responsibility for these plans. The Plans, available to all municipal employees, permit the deferral of a portion of their salary. The deferred compensation is not available to employees until termination, retirement, death or unforeseeable emergency. The plan is administered by an outside agency and the Town is only responsible for remitting employee withholdings.

NOTE 11 - RISK MANAGEMENT AND HEALTH CARE MANAGEMENT PLAN

The Town of North Providence is exposed to various risks related to torts; theft of, damage to and destruction of assets; errors and omissions; workers' compensation claims' and natural disasters for which the Town carries commercial insurance. Premiums are charged as expenditure as incurred. Settled claims resulting from these risks have no created additional premiums to the Town over the past several years and it is not anticipated that additional premiums will result from current year activity. There have been no significant reductions in insurance coverage from prior years.

The Town has a cost-plus financing plan in order to finance the costs of its health, dental, and workers compensation insurance benefits. Under this cost-plus plan the Town pays for the actual cost of covered health care and dental services plus a fee to the provider for the administration of the program. The Town is a member of Rhode Island Municipal Insurance Corporation (RIMIC), a collaborative of various municipal entities, for health and dental insurance claims. All departments of the Town participate in the self-insurance program (cost plus basis) through RIMIC.

The Town currently maintains stop loss insurance to protect the taxpayers from catastrophic loss resulting from excessive health insurance claims. At June 30, 2023, the stop loss insurance contract covered all claims exceeding \$160,000 per individual on an annual basis. In addition, specific stop loss maximum for the Town for the year is maintained at approximately \$1.8 million.

NOTES TO BASIC FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2023

NOTE 11 - RISK MANAGEMENT AND HEALTH CARE MANAGEMENT PLAN (CONTINUED)

The Town's Finance Department oversees the self-insured program for all Town employees and claims payment services are provided by Blue Cross and Blue Shield of Rhode Island (Plan Administrator). At June 30, 2023 the Town has estimated a liability for incurred but not reported claims (IBNR) based on an estimate of actual claims paid subsequent to year end but related to claims incurred prior to July 1, 2023. Approximate changes in the balances of self-insured claims liabilities as of and during the year ended June 30, 2023 and 2022 were as follows:

Incurred but not reported claims (IBNR), June 30, 2022	\$	718,362
Approximate amount of incurred claims	1	2,708,395
Paid claims including amount in accounts payable at June 30, 2023	(1	2,618,472)
Estimated IBNR Claims outstanding at June 30, 2023	\$	808,285
	1	
Incurred but not reported claims (IBNR), June 30, 2021	\$	442,031
Approximate amount of incurred claims	1	3,435,367
Paid claims including amount in accounts payable at June 30, 2022	(1	3,159,036)
Estimated IBNR Claims outstanding at June 30, 2022	\$	718,362

At June 30, 2023, the Town of North Providence has a deposit with the Plan Administrator totaling \$349,000. This deposit was required as part of the contract with the Plan Administrator to ensure reimbursement of claims is made in a timely manner. This deposit has been classified as a prepaid and as such has been included in nonspendable fund balance in the governmental activities of the Fund Statements.

NOTE 12 - CONTINGENCIES AND COMMITMENTS

Litigation

During the ordinary course of its operations, the Town is a party to various claims, legal actions and complaints. The Town accrues liabilities for losses when they are both probable and can be reasonably estimated. No liability for such matters has been recorded in the Statement of Net Position at June 30, 2023.

Projects

The Town had no significant outstanding construction projects as of June 30, 2023.

Grants

The Town has received federal and state grants for specific purposes that are subject to audit by the grantors or their representatives. Such audits could lead to requests for reimbursement to the grantor agency for expenditures disallowed under terms of the grant. Town officials believe such disallowances, if any, would be immaterial.

NOTES TO BASIC FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2023

NOTE 13 - LEASE RECEIVABLE

The Town is reporting Lease receivables of \$4,294,779 at June 30, 2023. For 2023, the Town reported lease revenue of \$431,497 related to lease payments received. These leases are summarized as follows:

		Lease		Lease

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION

FOR THE YEAR ENDED JUNE 30, 2023

OTHER POSTEMPLOYMENT BENEFITS (OPEB) PLAN

The amounts presented for each fiscal year were determined as of the June 30 fiscal year-end.

The schedules are intended to show information for 10 years; additional years will be displayed as they become available.

The following actuarial methods and assumptions were used to determine contribution amounts:

- Actuarial cost method Entry Age Normal
- Participation 100% of eligible school retirees and eligible Town employees are assumed to elect medical and dental coverage
- Health Care Cost Trend Rates Medical 7.50% per year in 2023, decreasing to an ultimate rate of 450% for Town, Medical 7.50% per year in 2023, decreasing to an ultimate rate of 4.50% for School
- Discount rate The discount rate used to measure the OPEB liability 4.53% for Town, 4.13% for School. The projection of cash flows used to determine the discount rate assumed that contributions will be made at rates equal to and above the expected benefit payments. Based on those assumptions, the OPEB plan's net fiduciary position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all periods of projected payments to determine the total OPEB liability.

MUNICIPAL PLAN (MERS) AND TEACHERS' PLAN (ERS)

The amounts presented for each fiscal year were determined as of the June 30 measurement date prior to the fiscal year end. The schedules are intended to show information for 10 years – additional years will be displayed as they become available.

Employers participating in the State Employee's Retirement System are required by RI General Laws, Section 36-10-2, to contribute an actuarially determined contribution rate each year.

Employers participating in the Municipal Employee's Retirement System are required by RI General Laws, Section 45-21-42, to contribute an actuarially.

June 30, 2022 measurement date -

There were no changes in actuarial methods or assumptions reflected in the calculation of the net pension liability (asset) of the plans as of the June 30, 2022 measurement date compared to the June 30, 2021 measurement date.

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION

FOR THE YEAR ENDED JUNE 30, 2023

MUNICIPAL PLAN (MERS) AND TEACHERS' PLAN (ERS) (CONTINUED)

June 30, 2021 measurement date -

There were no changes in actuarial methods or assumptions reflected in the calculation of the net pension liability (asset) of the plans as of the June 30, 2021 measurement date compared to the June 30, 2020 measurement date.

June 30, 2020 measurement date -

As part of the 2020 Actuarial Experience Study for the six-year period ending June 30, 2019 as approved by the System Board on May 22, 2020, certain assumptions were modified and reflected in the determination of net pension liability (asset) at the June 30, 2020 measurement date. The following summarizes the more significant changes in assumptions:

- Updated the underlying mortality tables from the RP-2014 set of tables to the public sector-based PUB (10) tables.
- Increased slightly the probabilities of turnover.
- Decreased slightly the probabilities of retirement.
- Modified slightly the probabilities of disability, including adding material incidence of disability for members in the age ranges that historically have been eligible to retire but under prospective provisions are not.

June 30, 2019 measurement date -

There were no changes in actuarial methods or assumptions reflected in the calculation of the net pension liability (asset) of the plans as of the June 30, 2019 measurement date compared to the June 30, 2018 measurement date.

June 30, 2018 measurement date -

There were no changes in actuarial methods or assumptions reflected in the calculation of the net pension liability (asset) of the plans as of the June 30, 2018 measurement date compared to the June 30, 2017 measurement date.

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION

FOR THE YEAR ENDED JUNE 30, 2023

MUNICIPAL PLAN (MERS) AND TEACHERS' PLAN (ERS) (CONTINUED)

June 30, 2017 measurement date -

As part of the 2017 Actuarial Experience Investigation Study for the six-year period ending June 30, 2016 as approved by the System Board on May 15, 2017, certain assumptions were modified and reflected in the determination of the net pension liability (asset) at the June 30, 2017 measurement date. The following summarizes the more significant changes in assumptions:

- Decreased the general inflation assumption from 2.75% to 2.50%;
- Decreased the nominal investment return assumption from 7.50% to 7.00%;
- Decreased the general wage growth assumption from 3.25% to 3.00%;
- Decreased salary increase assumptions; and
- Updated the post-retirement mortality tables to variants of the RP-2014 table. For the improvement scale, update to the ultimate rates of the MP-2016 projection scale.

June 30, 2016 measurement date -

There were no changes in actuarial methods or assumptions reflected in the calculation of the net pension liability (asset) of the plans as of the June 30, 2016 measurement date compared to the June 30, 2015 measurement date.

June 30, 2015 measurement date -

There were no changes in actuarial methods or assumptions reflected in the calculation of the net pension liability (asset) of the plans as of the June 30, 2015 measurement date compared to the June 30, 2014 measurement date.

The June 30, 2015 measurement date determination of the net pension liability for the ERS and MERS plans reflects changes in benefit changes resulting from the settlement of litigation challenging the various pension reform measures enacted in previous years by the General Assembly. The final settlement approved by the Court on July 8, 2015 also included enactment of the pension settlement provisions by the General Assembly. These amended benefit provisions, are summarized below:

- Employees with more than 20 years of service at July 1, 2012 will increase their employee contribution rates to 11% for state employees and municipal general employees will contribute 8.25% (9.25% for units with a COLA provision) and participate solely in the defined benefit plan going forward service credit accruals will increase from 1% to 2% per year.
- Members are eligible to retire upon the attainment of: age 65 with 30 years of service, 64 with 31 years of service, 63 with 32 years of service, or 62 with 33 years of service. Members may retire earlier if their RIRSA date is earlier or are eligible under a transition rule.

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION

FOR THE YEAR ENDED JUNE 30, 2023

MUNICIPAL PLAN (MERS) AND TEACHERS' PLAN (ERS) (CONTINUED)

- MERS public safety employees may retire at age 50 with 25 years of service, or any age with 27 years of service. MERS public safety employees will contribute 9.00% (10.00% for units with a COLA provision).
- Employees with more than 10 but less than 20 years of service at July 1, 2012 will receive an increased employer contribution to the defined contribution plan. Also, members who earn less than \$35,000 per year will not be required to pay the administrative fees to the defined contribution plan.
- Members who retired from a COLA eligible plan before July 1, 2012 will received a one-time cost of living adjustment of 2% of the first \$25,000 paid as soon as administratively possible.
- Retirees as of June 30, 2015 will receive two \$500 stipends; the interim cost of living increases will occur at 4-year rather than 5-year intervals.
- The COLA formula was adjusted to: 50% of the COLA is calculated by taking the previous 5-year average investment return, less 5.5% (5yr Return 5.5%, with a max of 4%) and 50% calculated using previous year's CPI-U (max of 3%) for a total max COLA of 3.5%. This COLA is calculated on the first \$25,855, effective 01/01/16, and indexed as of that date as well. (The indexing formula is run annually regardless of funding level each year.)
- Minor adjustments were made to the actuarial reduction for employees choosing to retire early.

NOTES TO SUPPLEMENTARY INFORMATION – ANNUAL SUPPLEMENTAL TRANSPARENCY REPORT (MTP2)

FISCAL YEAR ENDED JUNE 30, 2023

NOTE 1. Basis of Presentation

The Annual Supplemental Transparency Report (MTP2) is a supplemental schedule required by the State of Rhode Island General Laws 45-12-22.2 and 44-35-10. This supplementary schedule included within the audit report is part of a broader project to create a municipal transparency portal (MTP) website to host municipal financial information in a centralized location. The format of the Annual Supplemental Transparency Report (MTP2) was prescribed by the State Department of Revenue (Division of Municipal Finance), Office of the Auditor General, and the Department of Education.

NOTE 2. Reportable Government Services

Data consistency and comparability are among the key objectives of the State's Municipal Transparency portal. Consistent with that goal, the State has defined "reportable government services", RGS, to include those operational revenues, expenditures, and transfers related to activities which are essential to the achievement of municipal operations. The determination of RGS may be different from the activities included within the legally adopted budget of the municipality. In practice, some communities report certain RGS in separate funds (e.g., special revenue funds, enterprise funds) rather than the municipality's general fund. The *Annual Supplemental Transparency Report (MTP2)* includes a reconciliation to the fund level statements.

NOTE 3. Allocations

The State reporting requires expenditures to be reported by departments, as defined by the State. Some of the departmental groupings are not consistent with the departments reflected in the City's (or Town's) budget and accounting system. To report these costs, the City (or Town) made allocations of costs to the State's departmental groupings based on a reasonable basis.

NOTE 4. Employee Groups - Compensation and Benefit Costs

Compensation includes salaries, longevity, stipends, clothing allowance/maintenance, shift differential, out-of-rank, holiday pay and bonuses.

For Public Safety departments (i.e., police, fire, and centralized dispatch) and the Education Department, compensation and most benefit costs are reported in the following employee groupings:

Group A: This group consists of employees who serve the primary function of the department.

- Police Department police officers (e.g., uniform personnel including, leadership positions)
- Fire Department fire fighters (e.g., uniform personnel including, leadership positions)
- Centralized Dispatch Department civilian dispatchers only
- Education Department professional staff providing direct services to students
- For the remaining departments all employees' compensation and benefits are reported under Group A

NOTES TO SUPPLEMENTARY INFORMATION – ANNUAL SUPPLEMENTAL TRANSPARENCY REPORT (MTP2)

FISCAL YEAR ENDED JUNE 30, 2023

NOTE 4. Employee Groups - Compensation and Benefit Costs (Continued)

Group B: For Police and Fire Departments, compensation and benefits paid to its administrative employees and civilian dispatch employees are reported under Group B. The Education Department reports compensation and benefits paid to executive/mid-level educational administration employees under Group B.

Group C: This group is only used for the Education Department and it includes administrative and support staff.

Other post-employment benefits (OPEB) are not reported by employee groups on the MTP2. They are reported in total as either (1) contributions to a qualified OPEB trust or (2) the amount paid for medical and dental insurance for retirees when an OPEB trust fund has not been established. The detail employee group information for the Education Department can be found on the State's Municipal Transparency portal website.

NOTE 5. Education Revenue and Expenditures

The revenues and expenditures presented on the MTP2 under the Education Department is consistent with existing Uniform Chart of Accounts (UCOA) guidelines. Each MTP account code has been mapped to the corresponding UCOA code or group of UCOA codes to facilitate the preparation of the MTP reporting.

Additional guidance and definitions regarding the State's Municipal Transparency Portal can be found on the State Division of Municipal Finance website: http://www.municipalfinance.ri.gov/.
